13 September 2021

Dear Parents/Guardians,

The Ministry of Education will conduct a one-off distribution of Antigen Rapid Test (ART) kits from 13 September (Monday) to all students and staff in primary schools. This is done as part of the enhanced testing efforts to ensure that the school environment remains safe.

Each student and staff will receive three ART kits, in addition to those that each household will receive as part of the nationwide distribution exercise. The ART kits will allow parents/guardians to assist your child to do a quick test when there is possible exposure or suspicion of possible infection.

The ART kits will come with instructions on appropriate usage and disposal. Please see the attached press release and link at <https://www.moe.gov.sg/faqs-covid-19-infection> for more information. Please also refer to the online video at <https://eu.bd.com/bd-kit-covid-rapid-test.en>.

If students feel unwell, they should seek medical attention immediately and not come to school. We encourage students to do a quick test when there is possible exposure or suspicion of possible infection. Close monitoring of one's health and pre-emptive self-testing will be crucial in ensuring a safe environment for teaching and learning.

Thank you.

Mr Victor Tan  
Principal
